

Birth Pool Hire

Midwives Geelong offers "Pool in a Box" birth pools for hire and pool liners for sale. For infection control purposes, a single use pool liner must be purchased and used.

Your own hose must be used to fill and empty the pool. We recommend that you use a food grade hose to fill the pool. You may also need a tap/hose fitting. If required, a drinking water quality hose, universal tap adaptor and a small net are available for purchase in a kit.

Cost of Hiring Pool	\$80.00
Purchase of Liner	\$70.00
Additional kit	\$70.00
Duration of hire	We recommend pool hire from 37 weeks and ask that you arrange return of the pool to us within a week of your birth.
